Interested in Computer Science at Carleton?
Recommended fall courses for first-year students are CS 108 or CS 111; 201 (if you have AP credit for 111); and 202 or 208 (if you have AP credit for 201).

**Entry Points**
- CS 108 (F)
  Life in the Age of Networks
- CS 111 (F, W, S)
  Intro to CS

**Core**
- CS 201 (F, W, S)
  Data Structures
- CS 202 (F, S)
  Math of CS (Calc I req'd)
- CS 204 (W)
  Software Design
- CS 208 (F)
  Organization & Arch.

**Advanced Core**
- CS 251 (F)
  Programming Langs.
- CS 252 (W)
  Algorithms
- CS 254 (S)
  Automata & Comp.

**Electives**
Two electives are required; most are offered every other year. The electives offered in 2009–2010 are shown here.
- CS 331 (F)
  Computer Networks
- CS 334 (W)
  Database Systems
- CS 321 (S)
  Artificial Intelligence
- CS 332 (S)
  Operating Systems

**Comps**
- CS 400 (F+W)
  Comps

All yellow-shaded courses, Math 111, and two 200+-level electives are required for the major.
